Achiever Lifetime Income, an optional lifetime withdrawal benefit	
Benefit Base	Value used to calculate the Guaranteed Annual Income amount. Increased by purchase payments, Resets, and Enhancements, and reduced by excess withdrawals.
Benefit Base Reset	On any contract anniversary where the contract value is greater than the Benefit Base after the application of Enhancement (if any), both the Benefit Base and Enhancement Base will step up to the contract value.
Benefit Base Enhancement⁵	8% of Enhancement Base. During the Enhancement Period, increases the Benefit Base at contract anniversary in years of no withdrawal activity.
200% Benefit Base Guarantee	On the 10th contract anniversary, if no withdrawals have been taken from the contract, the Benefit Base Guarantee will equal 200% of total Purchase Payments. If the Benefit Base Guarantee is greater than the current Benefit Base, following any applicable Benefit Base Reset or Benefit Base Enhancement, the Benefit Base will be set equal to the Benefit Base Guarantee.
Enhancement Period	10 years following contract issue.
Enhancement Base	Value tracked to determine the amount of Enhancement. Increased by purchase payments and at time of Benefit Base Reset. Reduced by excess withdrawals.

GAI is recalculated.
Automatic Payment Phase	Unless due to an excess withdrawal, begins when the contract value reaches zero. Will then pay the GAI until death (if Joint, the death of both Designated Lives). All other contract features, benefits and guarantees are terminated.
Spousal Continuation	<p>Single: None. Achiever Lifetime Income benefit terminates at death.</p> <p>Joint: Upon death of a Designated Life, the surviving spouse may elect to continue the contract and the Achiever benefit, provided the spouse is also a Designated Life.</p>

The Achiever Lifetime Income optional benefit establishes a Benefit Base for calculating guaranteed annual income. The Benefit Base provides no minimum contract value and is not available for withdrawal. Withdrawals exceeding allowed guidelines, or taken before the Benefit Date, may have a negative impact on the guarantees of this optional benefit. All withdrawals reduce contract value. In years where the interest earned is less than the annual benefit charge, the contract value will decrease. The guarantees are subject to the financial strength and claims-paying ability of the issuing insurance company. This benefit cannot be cancelled. The benefit is available on a Single or Joint Life basis for an additional cost with a fixed indexed annuity based on state approval.

An annuity is intended to be a long-term, tax-deferred retirement vehicle. Earnings are taxable as ordinary income when distributed, and if withdrawn before age 59½, may be subject to a 10% federal tax penalty. If the annuity will fund an IRA or other tax-qualified plan, the tax-deferral feature offers no additional value. Qualified distributions from a Roth IRA are generally excluded from gross income, but tax and penalties may apply to non-qualified distributions. Please consult a tax advisor for specific information. There are charges and expenses associated with annuities, such as surrender charges for early withdrawals.

Some products and optional features may not be available in all states and features may vary by state. The guarantees are subject to the financial strength and claims-paying ability of the issuing insurance company.
